

McCown De Leeuw & Co. (MDC) is a private equity investment firm. With a mission to build companies that make a difference, MDC specializes in buying and building industry-leading middle-market companies in partnership with management. Since 1984, MDC has completed 38 platform investments

(I'm not the expert, but this sounds like a smaller version of the LBOs (Leveraged Buyouts) of the late 20th century, in fact, wasn't it the 1980s?? Same general idea, and some indications this is also what ChrysCapital Mgmt (formed in 1999, not in USA) also does.

CONTEXT: George McCown is also a director of ChrysCapital (based in Mauritius = off S. Africa, near Madagascar, Seychelles), which per MacArthur Foundation's Form 990PF for 2014, was THE highest paid independent contractor out of 72, at \$1. — and ChrysCapital Management investments are focused on INDIA. This research and annotation © 2017 Anna Victoria England (username "Let's Get Honest," my main blog is FamilyCourtMatters.Wordpress.com. See first post/s of 2017 re: this topic. Other notes: In 2006, a handwritten Statemnt of Info (Pdfs now available where kepler.sos.ca.gov was re-directed, as of only late Dec. 2016) looks like old person's handwriting, shows a Menlo Park address (at top), a Walnut Creek (Northern California) CT Corporation registered agent, and a Judy Bornstein as two out of three listed officers (Sec'y and CFO). McCown is President, and the firm is in Foster City.

For blogging purposes, this is just the (long) image filename: "MDC (McCown De Leeuw & Co |Foster City CA a Corp (not LLC), Cal Entity #1250343) logo (page read co 2012) in Foster City, relate to Dir of a MacArthurFndtn Indep Contractor 2014 based in MAURITIUS| George McCown is a Director (seen 2017-01-05 at 7PM)"

PORTFOLIO COMPANIES

The following is a sample list of our portfolio investments:
