REGUS.COM handles the flexible (etc.) office space used by National Fatherhood Initiative ("NFI") currently showing at "FatherSource(TM)" and "Fatherhood.org" as the mailing address (though Maryland SDAT doesn't show this.

The address is: 12410 MILESTONE CENTER DR STE 600 GERMANTOWN, MD 20876 (doesn't match the Maryland SDAT cover page info, for NFI, however

The word "sanctions" in the news often means "forbids" but here, it may actually mean "authorizes." Root meaning of "Sanctus" (holy) is "set apart." Here, it seems use of exemptions required court permission.

This Arrangement between IWG plc (registration: JERSEY) and Regus, plc (trading on the London Stock Exchange, though registr Luxembourg?) VERY interesting

I'm wondering whether some of this (see timing) has anything to do with "BREXIT". Am still reading but am referring to it in a post (still in draft) on Consolidated/Unified Gov'ts within the US (City/County) whose shortlink is: <http://wp.me/psBXH-5CC>. That post isn't really about "NFI" but as in general, that org. and its spinoff effect on US Federal funding has been so corrupt, it makes appearances periodically

"Yours truly" (annotations © 2017 Anna Victoria England) aka Let's Get Honest blogger at FamilyCourtMatters.org (since 2009, note recent namechange with upgraded blog capacity to ".org" vs ".Wordpress.com") decided to look up a street address and suite#; REGUS.com was the 3rd one at same suite#. The other two didn't exactly look like real brick 'n mortar addresses either.
