"Burying the QIC-NRF" under "FAMILY" language: It takes 3 sub-menus and an extra click to access the "Fatherhood" material (I'll print that to pdf)... Typical of the HMRF (see HMRF.ACF.gov for more info) funding's typical language focusing on "Fathers and their families" while minimizing the use of the word "mothers. While TAGGS.HHS.gov shows (Grant 90CO1025) fully 1/3 of American Humane Association's funding went to the QIC-NRF (Father-engagement) topic, this "Child Welfare Info Gateway" features the language of "FAMILIES instead.
