Continued from (suggest read first): [4th Quarter 2016 Review Part 1, of Who's Pushing Things "First 5" \(and K12\) Public School "Transformation" \(Sticky, published 12-13-2016\)](#)

[Link to THIS post, Part 2 \(published same day\).](#)

First Five Years Fund also names an LLC which shows up on the Ounce of Prevention Fund (IL domicile) tax returns as a "related organization." Why wouldn't the website FFYF.org, which is so interested in educating the public (and particularly its young children) be more forthcoming about the real ownership, international relationships of nonprofit to controlled entities, and the associated trademarks (held in the private sector) to be sponsored with public funding for private profit?
