**Update: It’s 2017 (!).** [2017 Table of Contents Continues Themes from 2016](#) (Shortlink) will be published as soon as I add the three (so far) January posts to it. Til then, the link remains active, but may re-direct to WordPress’s closest “best guess.” Also, I will pull the table of contents (only) for 2016 somehow into this post; am still considering how (possibly as an uploadable pdf with active links.)

For reference, *this* post’s revised post title and shortlink: [{1} Table of Contents 2016 \(52 posts Jan. 23 – Dec. 13, 2016\) with {2} Intro on First 5 Years Fund\(ing\), incl. but not limited to Tobacco Lawsuit Settlement Payouts + Warren Buffett’s “Ounce of Prevention Fund”\(IL\) and {3} Appendix of Tags from some Critical-to-Understand Posts .](#)

A sticky post from April, 2014 shows earlier posts (2014 backwards to Sept. 2012) are within the “Sticky” ones. Note, it doesn’t go all the way back to 2009, for which you must use the Archives.
