HHS already operates through REGIONALITZN of INTERNAL USA ADMIN. HHS programming which historically also included TANF Tribal grants, incl. TANF diversionary HMRF funds and Violence Prevenf funds to nonprofits and Tribal govts. This STAC simply takes the cross-jurisdictional coordintn by region to a new level, after a 2000 Executive Order (note, Pres. G.W. Bush didn’t take office till Jan. 2001; so this was Clinton-ers) and a Nov. 2009 (Obama took office Jan. 2009) Memo to Executive Cts and Agency Heads.

Note: this image came from a whole-screen print action on the URL shown above. I blocked out parts of the window frame personal to my blogging (other open tabs and windows) while leaving some identifying parts, such as date (the year being 2017) and the two open tabs, one of which names the post where this screenshot will be found, and the other, the HHS page from which I took it.
