This California LLC's name changed in 2016 and was announced through PR Newswire summer/ fall 2016. As of May 27, 2017, this site is still up (though not fully functional all ins) talking about its Colorado and California clients and extensive services in each state. Explore old site while you still can!

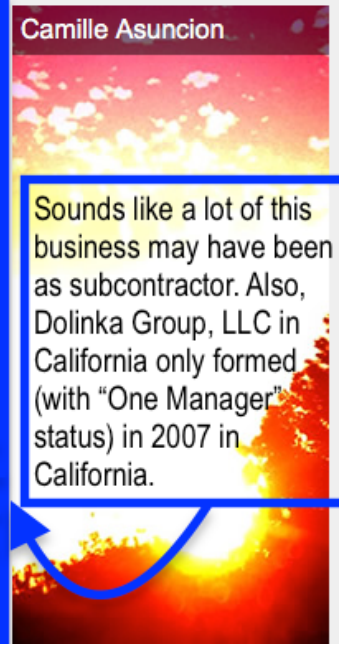

*In the end, all business operations can be reduced to three words: people, product and profits. Unless you've got a good team, you can't do much with the other two.*

— Lee Iacocca

Clicking "HOME" as of 5/27/2016 (Major holiday weekend) leads to website under its new name, "Cooperative Strategies" — in noticeably smaller, finer (harder to read) font.

**Benjamin Dolinka**, President/CEO, focuses on creating new financial and demographic services, identifying potential public-public and private-public partnerships, and establishing long-term client relationships. For over two decades, Mr. Dolinka has also collaborated with various vendors and organizations throughout the country to find the best solutions for LEAs in their facilities.

Sounds like a lot of this business may have been as subcontractor. Also, Dolinka Group, LLC in California only formed (with "One Manager" status) in 2007 in California.
