

(Blue borders added to bring in privacy where a full-window screenshot was needed to capture the Drop-Down menu below. I left in time, URL, and two open tabs showing referring url)

In studying "Capital Appreciation Bonds" (CABs) which have been outlawed in Michigan and restricted in Calif. because the practice exploits taxpayers with bombshell interest payments on long-term debt to build school infrastructures

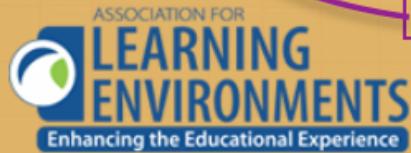

a4le.org/websites/main/index.php?p=801#

.. (paymts would be on the compounded-interest total; this made press for school districts where 10:1 ratio (interest:principal) when due, would apply).

Association for Learning Environments

REFERRING WEBSITE from a San Diego (SoCal) "iNews.org referenced "Recent research" — citing to 21st Century School fund, and its sponsor "CEFPI" (former name of this association, which didn't bother to provide a "redirect" from its former (2008) website.
