WHAT IS THE CALIFORNIA HEALTH IN ALL POLICIES TASK FORCE?

- California's Health in All Policies Task Force was established by Executive Order S-04-10 in February 2010 and affirmed by the California Legislature through Senate Concurrent Resolution 47 in 2012.
- The Task Force was created under the auspices of the Strategic Growth Council (SGC) and charged with identifying priority programs, policies, and strategies to improve the health of Californians while advancing State sustainability goals.
- The California Department of Public Health's Office of Health Equity facilitates and staffs the Task Force, in partnership with the Public Health Institute. **the Public Health Institute is an "Inc." it is a 501©3 and it represents the "PRIVATE" in this public/private operation. Even two or three words might convey this to the public, but it is commonplace to simply omit the suffix to business (incl. nonprofit) entities to signal this to readers.**
